

COCOONO[®]

Rugs for Life. Made in Belgium. Crafted to Last.

Lookbook 2026

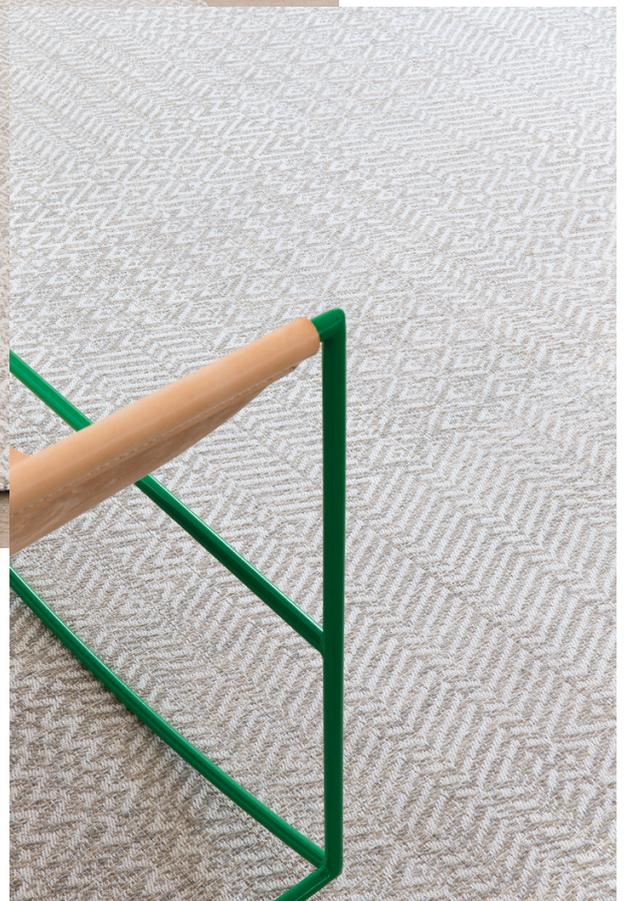

Cocono is a Belgian textile house shaped by generations of carpet craftsmanship.

Founded by Marine Hanet, the brand brings together deep material knowledge and a contemporary interior sensibility. Each rug is woven and finished in Belgium, with careful attention to proportion, texture, and longevity.

Cocono designs are developed to age beautifully within evolving interiors, pieces that are lived with, moved from home to home, and never feel temporary.

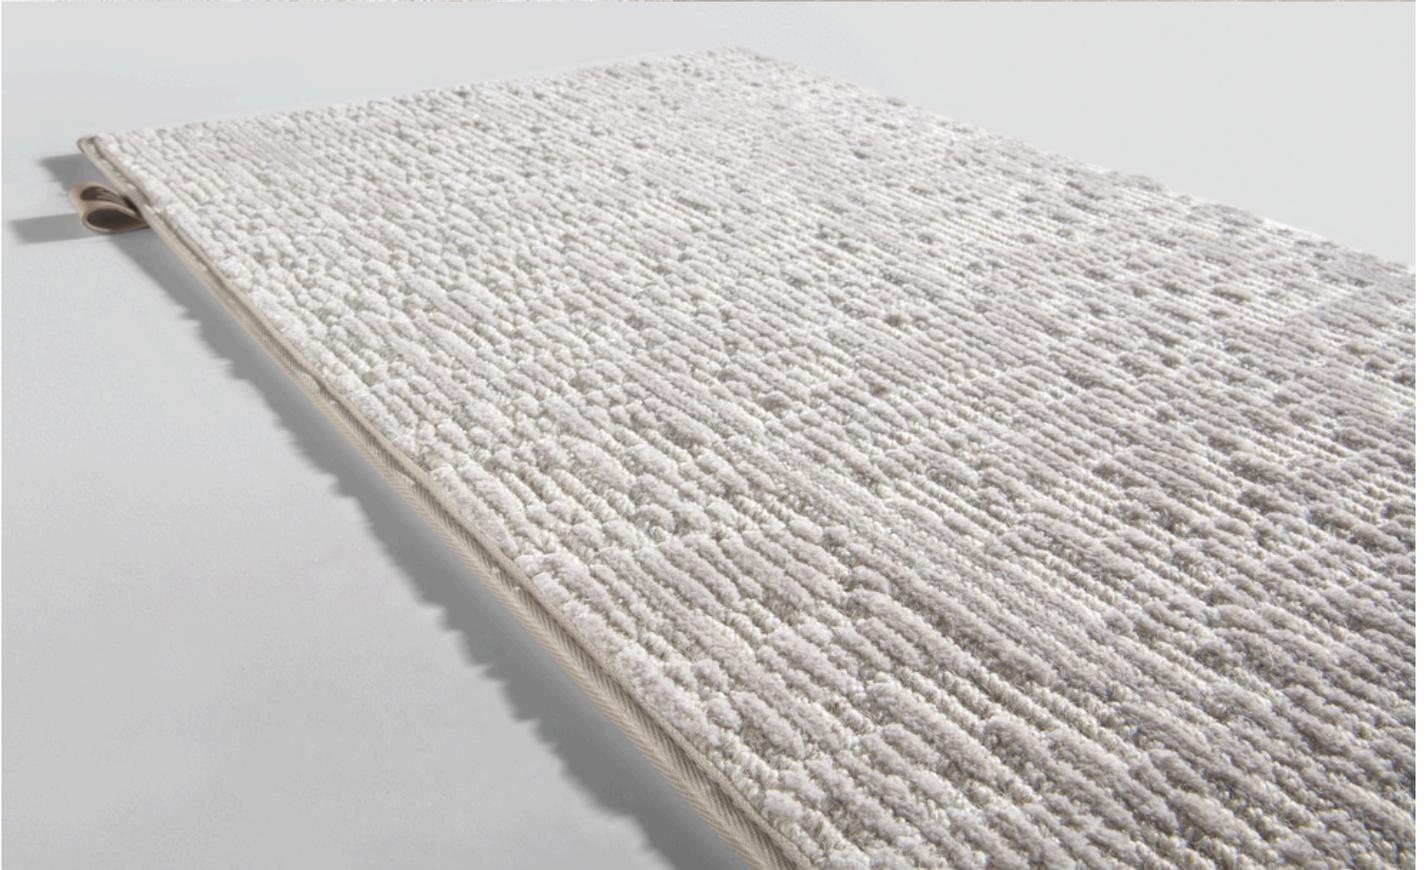

Rooted in heritage yet distinctly contemporary, Cocono stands for rugs crafted to last.
